Admission on

Masters in Environmental Science and Management (Weekend/Professional Program)

Session: 2024-2025

**BUP invites application from potential candidates for
Masters in Environmental Science and Management (MESM)
under the Faculty of Science and Technology (FST).**

OVERVIEW AND PROSPECT OF THE DEGREE

Pollution and climate change are the major challenges of the 21st century. A substantial number of qualified environmental professionals are needed both in home and abroad to efficiently handle those challenges of our Earth. Besides, today's most careers have a linkage with environment, such as, Business and Environment (Green Business), Finance and Environment (Green Banking), Economics and Environment (Environmental Economics), and Development and Environment (Sustainable Development). So, considering creation of environmental professionals and enhance career opportunities, we offer an interdisciplinary weekend Masters Program with overlapping social, ecological and economic issues. The program accepted students from different academic backgrounds.

The Masters in Environmental Science and Management (MESM) professional program from BUP has been designed for producing the most competent environmental professionals and experts. **Under the program, degree will be awarded in two types of: M.Sc. for students from science background and Masters for students from other disciplines.** In addition, this program builds and strengthens knowledge and environmental leadership as a critical foundation for the advancement of open and environmentally sustainable societies. The employers of Environmental Science graduates include:

- Industrial Sectors (e.g. garments);
- Local Governmental Authorities (e.g. LGED);
- Environment Agencies;
- Department of Environment (DoE);
- Environmental Monitoring Organizations;
- Environmental Consultancies;
- National and International NGOs;

So better hurry! Start your carrier as an environmental expert and contribute to country's dream to achieve SDGs.
